

WorkForce Pro WF-C5000 Inkjet Series

Lower running costs
Increased productivity

Performance in harmony with ecology

EPSON[®]
EXCEED YOUR VISION

Build a more productive workplace

Keep printing and working all day

Print up to 10k pages without changing supplies, with an innovative new ink supply system³.

Keep your team working without interruptions with an up to 830 sheet capacity.

Faster first page out times, as unlike lasers and copiers, these printers don't have to warm up⁴.

Print on a wide range of media, including recycled paper, glossy media, envelopes and labels.

Proven PrecisionCore technology offers reassurance with better speed, quality and reliability.

Speed up your office workflow with the easy to use and intuitive touch screen interface.

Keep costs down with efficient, eco-printing

Save on your bottom line and help the planet

Save at least 50% on cost per colour page, versus comparable laser models¹.

Lower costs by changing consumables less with an innovative new ink supply system.

Low-power consumption with at least 90% less energy than comparable laser models². Reduce environmental impact without compromising on an ultra-sharp output.

Save at least
50%
on cost per
colour page¹

Useful tools for greater efficiency and security

WF-C5000 Series of multi and single function printers integrate simply and securely with your existing IT infrastructure and bring with them new tools that your teams will find useful and easy to adopt.

Use your existing applications and workflows

The Epson Open Platform⁵ allows you to easily integrate existing enterprise applications and workflows, as well as take advantage of third-party solutions. This adds extra flexibility that allows you to further customise use and apply your own printing policies.

Take control of usage

Control access and monitor usage using Epson Print Admin⁵, a server-based solution that creates a secure printing, scanning and copying environment through user authentication. A simple way to prevent misuse and identify inefficiencies.

Remote management

Epson Device Admin allows you to easily manage an entire fleet of multifunctional printers from one screen. Install, configure, monitor and maintain your devices remotely, to save money and increase productivity.

Scan, save and share with ease

Document Capture Pro 2.0⁶ enables individuals to scan, save and share information around the business easily. Advanced features for naming, separating and routing documents makes scanning easy – and logical. Save and send files in common formats like PDF, JPEG and TIFF. Create simple job profiles for one-touch push scanning.

Keep it secure and compliant

Epson has taken the right security measures across the WF-C5000 Series to build safeguards which ensure that no data is saved.

For more information on available solutions please visit www.epson.eu/bis

With a small footprint, you can save valuable space in your office – simply place it on any work surface.

Turn your mobile and tablet into a powerful productivity tool with wireless printing.

¹ Comparison made against the top 10 best selling colour laser printers, with a print speed between 1 and 30 pages per minute, in Western Europe and Central and Eastern Europe as defined by IDC in the 12 months up to June 2017. CPP data taken from GAP intelligence report for August 2017 and is an average of pricing seen in DE, FR and UK (with value in Euros as quoted by GAP). Epson values based on RRP of XXL ink packs (5,000 pages yield according to IEEE/ISO 24711/24712). Pricing for competitor models was the lowest CPP available.

² Comparison made against the top 10 best selling colour laser printers in Western Europe and Central and Eastern Europe, with a print speed between 1 and 30 pages per minute, as defined by IDC in the 12 months up to June 2017. Data taken from BLI.

³ Print up to 10,000 pages in Monochrome, 5,000 in Colour without changing supplies. For WF-5790 and WF-5290 models only. WF-5710 and WF-5210 have maximum Ink Cartridge yields of 5,000 pages in both monochrome and colour.

⁴ Comparison made against the top 10 best selling colour laser printers in Western Europe and Central and Eastern Europe, with a print speed between 1 and 30 pages per minute, as defined by IDC in the 12 months up to September 2017. Data taken from BLI.

⁵ Epson Print Admin, Epson Open Platform and compatibility to third-party solutions. Only compatible with the WF-C5790.

⁶ Document Capture Pro only compatible with the WF-C5710 and WF-C5720.

⁷ In accordance with ISO/IEC 24734

⁸ In accordance with ISO/IEC 17629

⁹ In accordance with ISO/IEC 24735

¹⁰ The maximum number of printed pages per month based on the performance capabilities of the printer, including ISO rated print speeds and paper handling capabilities.

¹¹ Via PCL6 / PostScript 3 emulations, SAP via PCL5c/PCL6 device type
