DATASHEET / BROCHURE

## Low energy MFP mono business printer

Take advantage of low power consumption, a low Total Cost of Ownership (TCO), a fast First Page Out Time (FPOT)<sup>1</sup> and features designed for easy business integration with the WorkForce Pro WF-M5899DWF. This business inkjet multifunction benefits from automatic duplex printing, single-pass duplex scanning, fax, copying and high ink yields making any job easy and efficient.

### Save money

The low TCO and fewer replacement parts make this a reliable and attractive choice for businesses on a budget. Low power consumption delivers much needed savings<sup>3</sup>.

### High productivity, low intervention MFP

A fast First Page Out Time (FPOT) of 4.8 seconds from ready mode and single-pass duplex scan increase productivity<sup>1</sup>. Print up to 40,000 pages without changing supplies<sup>2</sup>. A paper capacity of up to 1,830 sheets (3 x optional 500 sheet cassettes) means less time spent refilling paper. In addition, the WF-M5899DWF can print on a wide range of media, including recycled paper, glossy media and envelopes.

### Reduce your environmental impact

Through fewer consumables and supplies, it also produces less waste. With low power consumption, the overall environmental impact of printing is cut dramatically<sup>3</sup>.

### Built for business

Perfect for small workgroups, a variety of software solutions can be integrated into existing IT infrastructure to improve efficiency. Epson Print Admin creates a secure printing, scanning and copying environment through user-authentication while Epson Remote Services (ERS) with the device embedded agent offers cloud-based device monitoring and management system. Epson Open Platform enables compatibility of the MFP with 3rd party solution partners like PaperCut, MyQ, Y Soft and more.

### Heat-Free printing technology

Epson Heat-Free Precision Core Technology requires no heat to warm up when it is switched on or awoken from sleep, which significantly reduces energy consumption. This allows Epson's Heat-Free inkjets to deliver an exceptional fast FPOT<sup>1</sup> compared to laser technology [www.epson.eu/heat-free](http://www.epson.eu/heat-free)
