

SureColor G6000 Direct To Film

Fiery Edition

A reliable, cost effective DTFilm printer offering high-quality, durable prints with low maintenance and user-friendly design.

Powered by Epson's proven PrecisionCore technology, and bundled with Edge Print Pro software, the SC-G6000 delivers stunning quality, yet highly durable, prints on a wide variety of fabric types. Compact, easy to use and requiring very low maintenance, it's the ideal solution for businesses looking for affordable ways to extend their textile printing capabilities with minimal complexity.

PrecisionCore technology for stunning quality

A significant advancement in textile printing technology, the SC-G6000 uses Epson's advanced PrecisionCore MicroTFP printhead to deliver exceptional image clarity and colour accuracy on a wide variety of fabrics. With its innovative ink circulation system that prevents clogging and sedimentation, it ensures consistent, high-quality results, making it ideal for professional applications, and sets a new standard in precision and reliability.

Reliable results with a wide range of fabric types

Designed for flexibility, the SC-G6000 delivers outstanding results on various fabric types, including natural and synthetic materials, making it perfect for applications ranging from garments and accessories to promotional materials. Whether you're printing on cotton, polyester or blends, Epson's advanced technology ensures outstanding results, with vibrant colours and sharp details.

Enhanced productivity with minimal downtime

Ideal for boosting efficiency and productivity by minimising manual intervention, the SC-G6000 offers a number of innovative features that reduce downtime. It's white ink circulation system, for example, ensures uninterrupted workflows, and its automated fabric wiping system reduces maintenance needs, while the high-capacity ink pouches support longer print runs without frequent refills, keeping your business running smoothly.

Compact design for fast, flexible installation

Despite its highly compact footprint, which makes it ideal for environments where space is limited, the SC-G6000 includes a range of advanced features which enable it to deliver an outstanding performance. Its lightweight design also allows easy installation and repositioning, so you can optimise your workspace, while its robust build and precision engineering ensure consistent reliability, even in demanding production environments.

Intuitive operation with user-friendly features

The SC-G6000's intuitive design makes operation simple and efficient. Its touchscreen interface offers easy navigation and displays key printer information clearly, while Fiery Digital Factory Epson Production Edition, features advanced workflow automation, multi-layer colour profiling and colour management, automated queueing, nesting and barcoding.

KEY FEATURES

- Stunning print quality with high durability**
 Produce striking, vibrant prints with Epson's advanced PrecisionCore technology, ensuring excellent colour accuracy and superb durability on a wide range of fabrics.
- Low maintenance for lower costs and enhanced productivity**
 Reduce downtime and increase productivity with auto-maintenance features such as white ink circulation and a fabric wiping system.
- Drive business growth with affordable versatility**
 Prints reliably and cost-effectively onto film to transfer onto a wide variety of fabrics, from natural to synthetic materials, ideal for diverse applications.
- Easy to set up, configure and use**
 Easy to use with its intuitive touchscreen, the SC-G6000 comes bundled with Fiery Digital Factory Epson Production Edition.
- Proven technology for outstanding and reliable performance**
 Integrates Epson's advanced PrecisionCore technology with Fiery Digital Factory Epson Production Edition, for advanced workflow automation and colour management.

Sustainable inks backed by full standards compliance

Approved for GOTS and certified for Eco Passport standards, the SC-G6000 complies with all relevant international safety and eco-standards, offering peace of mind for sustainability-focused businesses. With reduced waste and energy-efficient performance, the printer helps users meet both operational and environmental goals, as well as CSR requirements.

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Printing Method	PrecisionCore™ Micro TFP printhead
PRINT	
Number of colours	5 colour
Colours	Black [Pigment], Cyan [Pigment], Yellow [Pigment], Magenta [Pigment], White [Pigment], Maintenance Liquid
Colours Capacity	Black [1600ml], Cyan [1600ml], Yellow [1600ml], Magenta [1600ml], White [1600ml], Maintenance Liquid [1600ml]
Ink tank capacity	1.600 ml
Printing Resolution	1.200 x 600 DPI
PAPER / MEDIA HANDLING	
Paper Formats	17" (43.2 cm) Roll, 24" (61.0 cm) Roll
Print Margins Roll Media	Mode 1: 5 mm (top), 3 mm (right), 5 mm (bottom), 3 mm (left)
Media Path	Friction
Compatible Substrate	Up to 0,5 mm
Thickness	
Roll Capacity - Diameter	Roll 1:150 mm
Roll Capacity - Weight	Roll 1:10.000 g
GENERAL	
Product dimensions	1.608 x 746 x 1.128 mm (Width x Depth x Height)
Product weight	129 kg
OTHER FEATURES	
Memory	1 GB
Maintenance system	White ink circulation system, Automatic wet fabric wiper system
Compatible Operating Systems	Mac OS 10.7.x, Windows 10, Windows 11, Windows 8.1 x64 Edition
Features	Touchscreen
Included Software	Epson Edge Print
LCD AND MEMORY CARDS	
Panel	Type: Color, Touchscreen
OTHER	
Warranty	12 months On-site service Optional warranty extension available
